DICKEY EDUCATIONAL ENDOWMENT

501 (c) (3)

This financial assistance program is created to honor my brother, Mark Dickey, and father, Robert Dickey, whose lifetime struggles with alcoholism and/or addiction took them from our family far too early. I have witnessed four generations of my family and others battle the effects of addiction. It has ruined lives, families, and relationships. It has prevented people from creating the beautiful, fulfilling life they deserve, a vicious cycle of fear, guilt, shame, blame, and pain...the disease keeps you captive.

I want to provide hope and purpose to those that have chosen to and made the efforts to get their life back on track. There is a better way! This fund is set up to contribute towards the further education of those who have been through a minimum of 30-day (inpatient) or 60-day (outpatient) credentialed drug and alcohol rehabilitation program and have been clean and sober for a minimum of one year, to be attested to by a healthcare professional or qualified professional.

This fund is set up to promote personal improvement and educational development to secure a career plan. Further education includes college, university or other educational institutions providing vocational, technical, trade or secondary education programs.

PRIOR RECIPIENTS TESTIMONIAL

DICKEY EDUCATIONAL ENDOWMENT FUND

My name is Taylor, I am a recovering drug addict with five years clean. I was addicted to heroin the first time I attended college, because of this I ended up taking large student loans and made poor choices with them. I also did not pass my classes. That was about 10 years ago.

My addiction led me to homelessness, destitution, and crime. I have multiple felonies and have been to prison. I got clean in 2018.

In 2020, I decided I wanted to go back to school. I found out that I no longer qualified for financial aid due to defaults on the old loans I had taken out. I had to pay out-of-pocket for the 1-year accounting certificate I decide to pursue. After my first term I knew what I really wanted was an Associate's degree in IT, but I didn't have any idea how I would be able to pay for the extra year of school that this change would require. I was already working two jobs and going to school full-time.

I could not find any scholarships that I qualified for, mostly due to my felonies, and then one night my mom sent me a link to the Dickey Educational Endowment Fund Scholarship. I had never heard of it, but I decided to apply. After I was interviewed, I was granted the scholarship! I was so grateful! I knew this was my Higher Power working in my life! No doubt about it!

I am now almost on track financially to be able to pay for my tuition for the rest of my degree! I owe a debt of gratitude to the benefactor of DEE for starting this fund and to their relatives whose memory the fund was created in. I am determined to show them that this scholarship will be put to good use in the future.

TESTIMONIAL FROM JOHN

DICKEY EDUCATIONAL ENDOWMENT FUND

I became addicted to drugs and alcohol at the age of 13. After losing my father to alcoholism I lost control of my ability to cope with life as a teenager. In my high school years, I caused damage to my family, watched as my friends passed away from overdoses and car wrecks, and struggled to stay afloat and out of jail. While I was intervened on several times as a teen I couldn't stop. It was the only way I knew how to tolerate the chaos I felt inside of myself. It wasn't until I came to a 12-step program with the support of my best friend that I was able to find recovery and sobriety. Through my recovery journey I became a certified alcohol and drug counselor (CADC-II) and completed my undergraduate at Oregon State University - Cascades. I have been counseling young adults in addiction for 10 years now and recently embarked on a licensing program and a master's degree in counseling psychology. The Dickey Educational Endowment helped me get my start in pursuing my master's in the Fall of 2023. I am a year in and have maintained a 4.0 GPA! I am currently in a practicum site and training as a Licensed Marriage and Family Therapist. I feel empowered and encouraged by the support of the Dickey Educational Endowment to continue my pursuit to become a licensed therapist and continue to help others in need. I recently celebrated 15 years in recovery which has been a precious gift so many do not get the chance to experience.
